Dear Ed:

This Agency's Office of Security will be conducting an internal Industrial Security Officers Training Course during the period 15 through 19 November 1982. A topic of great concern to Agency Industrial Security Officers is opposition efforts to obtain classified information in the industrial arena. Since this is an area of mutual interest, we would appreciate a presentation on Bureau efforts in the counter-intelligence field in industry. We believe this will increase the effectiveness of our future Industrial Security Officers who will be working directly with defense contractors.

In the event a speaker can be made available for this course, details regarding date, time, and location can be arranged through normal liaison channels. Your efforts on our behalf will be greatly appreciated.

Sincerely,

[Redacted Signature]

Director of Security
